

AL16

Large Character Inkjet Printer

APPLICATION

- Maximum 62 mm Printing height
- 70m / min high speed jet printing
- 8 hours of endurance

Wooden box

Carton

Metal can

Plastic

bag

Stone

ADVANTAGES

1.SMART

Android intelligent operating system, support wireless transmission, remote control, automatic software upgrade, support U disk import database printing, support external variable information printing

2.STABLE

New injection body, strong impact resistance and heat resistance, anti-interference, practical, can be customized in a variety of colors

3.CONVENIENT

Beautiful and light, easy to carry, 4 lithium batteries, super long standby, 3.5 inch capacitor screen, suitable for long time continuous work external variable information printing

4.custom software

The complete machine is independently developed by our company, and can be customized according to customer needs

PARAMETERS

Print Head: Thermal inkjet 2.5	CPU: Android Quad-core processor
Print Dimension: 5mm-62mm Length not limit	Dimensions(L*W*H):350*280*200mm
Printing Dot: 16*10, 14*10, 12*8, 9*6, 70*5	Interface: Wifi USB
Print Distance:12 - 30 mm	Ink Color: Black and White
Ink Type: Solvent ink	Ink volume:250ml
Material of Printer: Aluminium alloy	Shape features: ABS+PC
Working hour:8 hours continue use;4-5 hours full charged.	Weight: 1.6 KG
Language: Chinese, English, Arabic, Korean, Spanish, French, German,Turkish,etc	
Print Content: Text, time, batch code, Date,conter,serial number, Simple logo	
Print Materials: steel sheet tube,pvc pipe, carton box,rubber, metal drum etc
