## SIMM SPIELWAREN

# Growing up with quality.

#### **SIMM**SPIELWAREN - Company with tradition

### Digital sales support through high-level content.

With high-quality image, video and text content, we support you in increasing the success of internet based sales of our products. In order to be able to accompany and support you in times of upheaval such as these, we added many new professional images, videos and text content to our database in 2020.

By accessing our online image database, you can download the appropriate material yourself. Access is available through our web shop, your sales representative or our internal sales team.

The family company from Roth near Nuremberg has been setting standards in the production of high-quality toys made of plastic, metal and creative articles for nearly 60 years. Around 50 employees working in product

development, marketing and logistics at the headquarters in Roth near Nuremberg ensure the success of the LENA® and DARDA® Motor brands. SIMM Spielwaren. Grow up with quality.

#### We are committed to quality and product safety

We stand for toy design that is Made in Germany, 95 years of company tradition and 57 years of toy expertise.

For us the high quality and safety of our products have the highest priority and are characterised by:

- Use of quality materials
- Strict and above all continuous quality controls
- Controlled production processes
- Highest standard of service in marketing, logistics & sales
- Quality management certified according to ISO 9001: 2015
- More than 2/3 of our products made in EU
- FSC® certificate for products from responsible forestry

#### We want to make a difference and live sustainability

Our environment is important to us. That is why we want to deal with it consciously and make sustainability the new normal. We have already done a lot for this:

- New and more environmentally friendly packaging through storage boxes
- Use of almost exclusively FSC® packaging materials
- Production of plastic and sheet metal articles at the company's own plant in Dolní Benešov with a consistent ecological focus: injection molding almost exclusively with energy-optimized electric injection molding machines, heating of buildings from waste heat from the injection molding shop, waste minimization through consistent processing of rejects, intelligent lighting management, etc.

#### 1996

#### Logistics centre & subsidiary.

A new logistics centre is built. Production, warehouse and shipping are relocated from Karlsruhe to Roth.

Subsidiary LENA-hracky, sro is founded. The goal here was to open up the Eastern European market and produce more cost-effective products.

1997-2000

(Czech Republic).

#### spin-off & refoundation

direct deliveries to our customers.

1. January 2001: The toy division is spun off from Richard Simm & Söhne GmbH & Co. KG and incorporated into SIMM Spielwaren GmbH.

Mid 2005: Plastics production in Roth-Eckersmühlen is discontinued; Since then, the LENA® plastic line has been manufactured by LENA-hracky, sro in the Czech Republic. SIMM Marketing (HK) Ltd. is founded in Hong Kong in March 2005; the company primarily supports in the procurement and processing of

SIMM Spielwaren in Roth-Eckersmühlen.

Conversion of Simex products to the LENA® brand

1997

1999

Michael Söhn shaped the external appearance of SIMM for over 3 decades until 2012. After working as a freelancer for SIMM, he joined the company as Art Director in 2000.

At the end of 1999 the Bolz & DARDA® Motor brands are transferred to the SIMM range

#### TÜV CERT ISO 9001

Our service standard in marketing, logistics & sales is high - quality circles and the review of existing processes ensure this. Our quality management has been ISO 9001 certified since 2011

#### Made in EU

We manufacture well over 2/3 of our products in the EU. Quality and sustainability are of the highest priority in our Czech production. More than 150 employees at the Dolní Benešov site produce LENA® plastic products, rotating boxes and tin drums.

#### FSC®

We are proud that our wood products come from  $FSC^{\circledR}$ -certified forest companies. The international non-profit organisation FSC® (Forest Stewardship Council) distinguishes the sustainable processing and handling of the resource wood. From tree clearing to the end consumer - SIMM Spielwaren convinces through sustainability.

#### TÜV

Safe, pollutant-tested, production-monitored these are three integral properties that are queried by TÜV Rheinland LGA Products - as an independent authority - when testing our toys.

#### Code of Conduct

If we have production done in the Far East, our "Code of Conduct" guarantees that our suppliers fully comply with all legal national requirements. They are either certified according to the ICTI or BSCI standard, which ensures lawful, fair, safe and healthy working conditions for all employees.

Spiel Gut

"The Federal Ministry for Family supports the non-profit association "spiel gut", a consumer initiative for toys and at the same time a seal of quality for high playing value.

For years, SIMM Spielwaren has had the coveted "spiel gut"" certificate on a large number of products.

#### Our vision is the combination of experience and innovation
