

Aluprom 50

Características técnicas

- / Barandilla basada en U de 51x21 con y sin portavidrios
- / Perfil forma U para integrar vidrio.
- / Corte en recto y montaje mediante piezas regulables
- / Gran variedad de soluciones y herrajes para su montaje.

Posibilidades constructivas

- / Barrote rectangular de 40x20 reforzado
- / Barrote ovalado de 35x16
- / Barrote semi-ovoide de 35x25
- / Barrote redondo de Ø35
- / 6 tipos de pasamanos, 2 de ellos con portavidrio

Herrajes

- / Base de barandilla de aluminio fundido y extruido.
- / Variedad en soluciones de montaje.
- / Junta para acristalar en U específica.

Aluprom 50

Máxima seguridad, múltiples opciones.

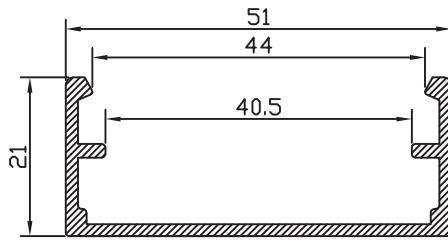

Resultados de ensayos
