NOVA LUCE

Diseño | Calidad | Fiabilidad

La luz es el ingrediente secreto de nuestra identidad, indica quiénes somos y qué representamos. Utilizamos el ingrediente principal de nuestro país, la luz, para componer Nova Luce. Con persistencia y creencia en el buen diseño y la alta calidad, diseñamos y producimos luminarias en Grecia desde 2007 para el mercado europeo presentando ideas refrescantes para la estética de cualquier habitación. Buscamos formas atemporales y materiales duraderos, tanto para luminarias clásicas como modernas, que transforman cualquier espacio en algo especial.
